Absorene
Manufacturing Company, Inc.
Since 1891

May 4, 2026

Dear Valued Customer,

We want to thank you for your long-time support of our product **#233-PB Absorene Paper & Book Cleaner**. After many years of production, we have made the difficult decision to discontinue this item. The specialized machinery required to manufacture it now needs full replacement, and current sales levels unfortunately do not justify the significant investment required.

For customers seeking a comparable solution, we are pleased to recommend our **dry cleaning sponge products**, which provide the *same effective results* for cleaning any surface that cannot get wet. These alternatives include:

- **#240 Smoke Soot Eraser**
- **#016DE Small Dirt Eraser**
- **#220 Large Dirt Eraser**

We know many of you have relied on the Absorene Paper & Book Cleaner for years, and we truly appreciate your loyalty. If you have any questions, please reach out **by email only** at **customerservice@absorene.com**.

Thank you again for being part of the Absorene community.

Warm regards,

Absorene
